

Conditions of Approval

Highland Meadows Subdivision; Phase 1

Date: September 2020

Subject: Highland Meadows Subdivision; Phase 1
Final Plat Application
SEA Project No. 2821-00420

To: City of East Helena
Attn: Jeremy Fadness, P.E., AICP
306 East Main Street
PO Box 1170
East Helena, MT 59635

From: Greg Wirth, PE
Stahly Engineering & Associates, Inc
Landy Leep
Highland Meadows, LLC

The following information is provided in response to each Condition of Approval according to the Findings of Fact and Preliminary Plat Approval for the subject project, approved by the City Commission on December 18, 2019.

Recommended Conditions for all Phases

1. Plans for all internal roads as well as storm water conveyance and treatment shall be submitted to the City of East Helena for review and approval by the City Engineer and City Public Works prior to construction of roads and storm water improvements for each phase. The City Engineer and City Public Works approval and approved plans shall be submitted prior to final plat approval for each phase. If storm water facilities are not located within City right-of-way or on City dedicated property then easements shall be provided on the final plat for maintenance of these facilities. (Chapter 8, Sections 9.b.5 and 10.b, EHSR)

Response:

Plans for all internal roads and storm water infrastructure were submitted to the City of East Helena and approved on June 6, 2020. Easement are provided for all storm water infrastructure not located within City right-of-way or City dedicated property.

2. Plans for water main extensions shall be submitted to the City of East Helena and DEQ for review and approval prior to construction of water mains and connections to the existing City water system. The City of East Helena and DEQ approval and approved plans shall be submitted prior to final plat approval for each phase. If water infrastructure is not located within City right-of-way or on City dedicated property then easements shall be provided on the final plat for maintenance of these facilities. (Chapter 8, Section 11.d and e, EHSR)

Response:

Plans for water main extensions were submitted to the City of East Helena and approved on June 6, 2020 and submitted to DEQ and approved on May 5, 2020. Easement are provided for all water main extensions not located within City right-of-way or City dedicated property.

3. Plans for sewer main extensions shall be submitted to the City of East Helena and DEQ for review and approval prior to construction of sewer mains, lift stations, and connections to the existing City sewer system. The City of East Helena and DEQ approval and approved plans shall be submitted prior to final plat approval for each phase. If sewer infrastructure is not located within City right-of-way or on City dedicated property then easements shall be provided on the final plat for maintenance of these facilities or easement documents shall be provided for offsite sewer mains that have been filed with the Lewis and Clark County Clerk and Recorder. (Chapter 8, Section 12.d and e, EHSR)

Response:

Plans for sewer main extensions were submitted to the City of East Helena and approved on June 6, 2020 and submitted to DEQ and approved on May 5, 2020. Easement are provided for all water main extensions not located within City right-of-way or City dedicated property. There are no off-site sewer mains needing easements.

4. A traffic control plan and street identification sign plan for each phase shall be submitted to the City of East Helena for approval by the City Engineer and City Public Works. The City Engineer and City Public Works approval and approved plans shall be submitted prior to final plat approval for each phase. (Chapter 8, Sections 9.b.11, EHSR)

Response:

A traffic control plan and street identification sign plan was submitted to the City of East Helena and approved on June 6, 2020.

5. Each phase must provide adequate infrastructure including water, sewer, and access that is not dependent on future phases. The phases must be sequenced so that phases are adjacent to a previously final platted phase. (Chapter 8, EHSR)

Response:

This phase provides all infrastructure including water, sewer, and access that is not dependent on future phases. This is the initial phase thus is not applicable to being adjacent to a previous final platted phase.

6. Prior to any development and/or soil disturbance, a Noxious Weed Management Plan for the proposed development shall be submitted to the City of East Helena for review and approval. Certification from the subdivider that all requirements of the approved Noxious Weed Management Plan have been met shall be submitted prior to final plat approval of each phase. (Chapter 8, Section 20, EHSR)

Response:

An updated Lewis and Clark County Weed District Five-Year Noxious Weed Management Plan was submitted to Lewis and Clark County and approved on August 27, 2020. The undersigned hereby certifies that the requirements of the Noxious Weed Management Plan have been met for this phase.

7. A Storm Water Pollution Prevention Plan shall be submitted to DEQ for review and approval prior to construction for each phase. The DEQ approved Storm Water Pollution Prevention Plan shall be submitted to the City prior to final plat approval for each phase. (Chapter 8, Section 4.2.h, EHSR)

Response:

A Storm Water Pollution Prevention Plan for this phase (SWPPP #MTR108431) was submitted to DEQ and approved on June 1, 2020.

8. The subdivider shall work with the East Helena Postal Service on location and configuration of a neighborhood box unit for each phase. The Applicant shall provide evidence that they have worked with the Postal Service prior to final plat approval of each phase. If a neighborhood box unit is required for the subdivision, the Applicant shall submit plans for the location and installation of the mailboxes to the Postal Service for review and approval prior to installation. (Chapter 8, Section 9.b.12, EHSR)

Response:

The subdivider worked with and plans were submitted to the East Helena Postal Service for the location and installation of mailboxes and approved on June 24, 2020.

9. The subdivider shall provide proof that each lot has been assigned an address by the Lewis and Clark County Address Coordinator prior to final plat approval for each phase. (Chapter 4 Section 16.b.4.G, EHSR)

Response:

Lewis and Clark County has assigned addresses for the lots included in this phase.

10. The subdivider shall work with utility providers to ensure that all dry utilities are placed within the proposed rights-of-way and easements. If dry utilities cannot be provided within proposed rights-of-way or easements and additional easements are required, the required easements shall be provided on the final plat for each phase. The subdivider shall provide evidence that they have worked with the dry utility providers on placement of utilities and whether additional easements are necessary prior to final plat for each phase. The subdivider shall provide evidence that dry utilities are installed and available for use to each lot prior to final plat for each phase. (Chapter 8, Section 14, EHSR)

Response:

The subdivider worked with utility providers and has provided additional required easements on the final plat. All dry utilities are installed and available for use to each lot of this phase.

11. The subdivider shall provide a lighting plan for each phase to the City for review and approval prior to final plat of each phase. (Chapter 8, Section 9.b.10, EHSR)

Response:

A lighting plan was submitted to the City of East Helena and approved on September 8, 2020.

12. The subdivider shall work with the City and Northwestern Energy to set up a lighting district for the installation, operation, and maintenance of all proposed street lighting for each phase. (Chapter 8, Section 9.b.10, EHSR)

Response:

A petition is provided for the City to create a lighting district with the final plat.

13. The subdivider shall be responsible for construction of sidewalks adjacent to any common areas or lots dedicated the City for utilities or open space. The applicant will be responsible for construction of those sidewalks prior to final plat for each phase or financially guarantee those improvements as part of each phase. (Chapter 8, Section 9, EHSR)

Response:

All sidewalk adjacent to common areas or lots dedicated to the City for utilities or open space have been financially guaranteed.

14. The subdivider shall hard surface all pedestrian paths and utility maintenance roads prior to final plat for each phase or financially guarantee those improvements as part of each phase. All pedestrian paths and all utility maintenance roads that may also be used as pedestrian paths shall be designed and constructed to meet current Americans with Disabilities Act requirements. (Chapter 8, Section 9, EHSR)

Response:

The utility maintenance road for this phase has been financially guaranteed with a hard surface to meet current Americans with Disabilities Act requirements.

15. The subdivider shall include an RSID/SID waiver in a notarized document filed with the subdivision plat for the first phase that is applicable to all phases that states the following: Owners and their successors-in-interest waive all rights for 20 years to protest the creation of a special/rural improvement district for the specific purpose of: improving and/or maintaining Valley Drive and related right-of-way. (MCA 76-3-608(7), Chapter 8 Section 5, East Helena Subdivision Regulations)

Response:

The RSID/SID waiver, notarized and applicable to all phases is included on the final plat.

16. The subdivider shall include an RSID/SID waiver in a notarized document filed with the subdivision plat for the first phase that is applicable to all phases that states the following: Owners and their successors-in-interest waive all rights for 20 years to protest the creation of a special/rural improvement district for the specific purpose of: developing, improving or expanding municipal utility services to include the community water system, the community wastewater treatment system for an incorporated municipality, and storm water facilities. (MCA 76-3-608(7), Chapter 8 Section 5, East Helena Subdivision Regulations)

Response:

The RSID/SID waiver, notarized and applicable to all phases is included on the final plat.

17. The subdivider shall include an RSID/SID waiver in a notarized document filed with the subdivision plat for the first phase that is applicable to all phases that states the following: Owners and their successors-in-interest waive all rights for 20 years to protest the creation of a special/rural improvement district for the specific purpose of: improving and/or maintaining the roads that access the subdivision and internal roads including (i.e.

Meadow View Loop, Southerland Court, Tam O'Shanter Court, Lomond Court, Kinross Court, Karnell Court, Stirling Loop, Glenfinnan Court, Glenco Court, and Argyll Court) and related right-of-way, sidewalks, pedestrian paths, and utility maintenance access roads. (MCA 76-3-608(7), Chapter 8 Section 5, East Helena Subdivision Regulations)

Response:

The RSID/SID waiver, notarized and applicable to all phases is included on the final plat.

18. The subdivider shall include an RSID/SID waiver in a notarized document filed with the subdivision plat for the first phase that is applicable to all phases that states the following: Owners and their successors-in-interest waive all rights for 20 years to protest the creation of a special/rural improvement district for the specific purpose of: improving and/or maintaining the streets lights. (MCA 76-3-608(7), Chapter 8 Section 5, East Helena Subdivision Regulations)

Response:

The RSID/SID waiver, notarized and applicable to all phases is included on the final plat.

19. The subdivider shall include an RSID/SID waiver in a notarized document filed with the subdivision plat for the first phase that is applicable to all phases that states the following: Owners and their successors-in-interest waive all rights for 20 years to protest the creation of a special/rural improvement district for the specific purpose of: constructing, improving, and/or maintaining parks, playgrounds, and pedestrian facilities such as sidewalks and trails. (MCA 76-3-608(7), Chapter 8 Section 5, East Helena Subdivision Regulations)

Response:

The RSID/SID waiver, notarized and applicable to all phases is included on the final plat.

20. The subdivider shall pay the proportionate share of improvements for Valley Drive based on the proportionate share formula developed in the Valley Drive Preliminary Engineering Report in the amount of \$303,800 to mitigate impacts of the proposed subdivision on Valley Drive. The proportionate share amount shall be paid prior to final plat of Phase 1. Upon completion of final construction plans and an engineer's estimate for the Valley Drive improvements, the proportionate share shall be adjusted based on the engineers estimate and any remaining balance shall be paid by the subdivider prior to final plat of Phase 2. (Chapter 8, Section 5, EHSR)

Response:

The proportional share of improvements for Valley Drive has been paid and is included on the final plat.

21. An elevation certificate shall be submitted to the City of East Helena prior to final plat for Phase 1 that shows all proposed lots within the subdivision in all phases are above the base flood elevations identified in the detailed study for Prickly Pear Creek. The elevation certificate shall show that no proposed lots within any phase will be affected by a 100-year flood event. (Chapter 8 Section 4, East Helena Subdivision Regulations)

Response:

An elevation certification has been submitted to the City of East Helena prior to the final plat of Phase 1 that shows that all proposed lots within the subdivision in all phases are above the base flood elevation.

22. If required for improvements for any phase, a floodplain development permit shall be submitted to the City of East Helena Floodplain Administrator for review and approval prior to construction. The approved floodplain permit shall be submitted prior to final plat approval. (Chapter 8, Section 4, EHSR)

Response:

No improvements for any phase are proposed in the floodplain thus a floodplain development permit is not required.

23. This condition was amended by the City Council on July 21, 2020 to the following language:
The subdivider shall provide a 6-foot high premium quality vinyl privacy, screening, and security fence along the shared boundaries with the East Valley Fire District and Lewis and Clark County Search and Rescue, and shall install or financially guarantee the fencing prior to final plat of Phase 1. (Chapter 4, Section 16.b.4.G, EHSR)

Response:

The fence along the shared boundaries with the East Valley Fire District and Lewis and Clark County Search and Rescue has been installed.

24. The subdivider shall provide, with the final plat of each phase, evidence that they have applied for County-issued addresses for each lot within the proposed phase. (Chapter 4 Section 16.b.4.G, EHSR)

Response:

Lewis and Clark County has assigned addresses for the lots included in this phase.

25. The final plat for each phase shall be prepared in accordance with the applicable State survey requirements, Montana Subdivision and Platting Act survey requirements and the East Helena Subdivision Regulations. (East Helena Subdivision Regulations)

Response:

This final plat has been prepared in accordance with the applicable State survey requirements, Montana Subdivision and Platting Act survey requirements and the East Helena Subdivision Regulations.

26. DEQ Municipal Facilities Exemption language must be shown on the face of the plat for each phase indicating that the parcels are exempt from DEQ subdivision review. (Chapter 8, Sections 10.a, 11.b, 12.b, and 13.b, EHSR)

Response:

DEQ Municipal Facilities Exemption language is shown on the face of the plat.

27. DEQ Approval of the Municipal Facilities Exemption shall be provided prior to final plat approval for each phase. The Municipal Facilities Exemption shall be filed with the final plat at the Lewis and Clark County Clerk and Records office. (Chapter 8, Sections 10.a, 11.b, 12.b, and 13.b, EHSR)

Response:

DEQ approval of the Municipal Facilities Exemption is provided prior and will be filed with the final plat

28. Prior to filing the final plat for each phase, the Applicant shall:
- a. Provide proof that all taxes and special assessments assessed and levied on the property are paid for the current tax year; including any past delinquencies. (Section 76-3-611(1)(b), MCA)

Response:

Proof that all taxes and special assessments assessed and levied on the property are paid and included on the final plat

- b. Provide documentation (abstract of title or platting certificate) showing that the Applicant is the lawful owner of the property with the apparent authority to subdivide the same, showing the names of lien holders or claimants of record and the written consent to the subdivision by the owners of the land, if other than the Applicant, and any lien holders of claimants of record against the land. (Section 76-3-612, MCA)

Response:

A platting certificate has been provided prior to final plat.

29. The Applicant is financially responsible for actual outside engineering, consulting, professional and/or contracted service fees, etc. at the sole discretion of the City of East Helena for review of the preliminary plat and/or final plat approval of the proposed

subdivision. The Applicant shall pay all costs incurred by the City of East Helena for the review of the subdivision prior to filing the final plat for each phase. (City of East Helena Subdivision Review Fee Schedule)

Response:

Acknowledged, the applicant understands and will be financially responsible for costs incurred.

30. Each phase shall be final platted based on the submitted phasing plan. The subdivider shall provide notice to the City of East Helena prior to commencement of each Phase. If phasing schedule changes the subdivider shall obtain approval of phasing schedule prior to final plat. No phase shall be extended to allow final plat longer than 20-years after the preliminary plat approval date. (Chapter 4, Section 3, EHSR)

Response:

Notice of commencement of this phase was provided and approved by the City of East Helena on February 4, 2020.

Recommended Conditions for Phase 1

31. The subdivider shall install all infrastructure improvements for Phase 1 per the approved plans and specifications. At a minimum the following infrastructure shall be installed prior to final plat.
- a. All on and offsite water and sanitary sewer mains;
 - b. Water and sewer services into all lots within the subdivision;
 - c. All storm water infrastructure shall be installed; and
 - d. The roads shall be installed to a minimum of the top of the base course gravel.
- All other required improvements shall be financially guaranteed and the subdivider shall enter into a subdivision improvements agreement with the City for installation of remaining infrastructure prior to final plat approval. (Chapter 5 Section 2.b.12, EHSR)

Response:

All minimum infrastructure improvements have been installed and all other remaining infrastructure improvements are financially guaranteed.

32. The subdivider shall provide certification of all completed infrastructure by a professional engineer in the State of Montana prior to final plat. All completed infrastructure shall be final accepted by the City prior to final plat. (Chapter 8, EHSR)

Response:

Certification of all completed infrastructure by a professional engineer in the State of Montana is included on the final plat. All completed infrastructure was final accepted by the City of East Helena on NOVEMBER 18, 2020.

33. All proposed streets providing access shall be a minimum of 48-ft dedicated right-of-way to the City of East Helena on the final plat. A 6-ft public access and utility easement shall be provided on each side of the dedicated right of way and dedicated for such use on the final plat. (PUD Request, EHSR)

Response:

All streets include a 48-ft dedicated right-of-way and 6-ft public access and utility easements, with dedication for such use to the City of East Helena on the final plat.

34. All proposed utility lots shall be dedicated to the City of East Helena on the final plat. (Chapter 8, EHSR)

Response:

All city utility lots are dedicated to the City of East Helena on the final plat.

35. All proposed access and utility easements shall be properly dedicated on the final plat. (Chapter 8, EHSR)

Response:

All access and utility easements are properly dedicated on the final plat.

36. The 60-ft right-of-way along the northern portion of the property as shown on the preliminary plat shall be dedicated to the City of East Helena for utilities and to provided potential future access to a future east west connector road between Wylie Drive and Valley Drive. (Chapter 8, EHSR)

Response:

The 60-ft right-of-way tract along the northern portion of the property is dedicated to the City of East Helena.

37. A temporary secondary access shall be constructed from the end of Meadow View Loop to the southern access to Valley Drive. The temporary secondary access shall be a 24-ft wide paved surface. At a minimum the secondary access shall be constructed to a 24-ft wide gravel surface. If the subdivider does not pave the temporary secondary access, then the paving shall be included in a financial guarantee and subdivision improvements agreement. An access and utility easement shall be provided on the final plat for the

temporary secondary access. The width of the easement shall be approved by the City of East Helena prior to final plat approval. (Chapter 8, EHSR)

Response:

The temporary secondary access is constructed with a 24-ft wide gravel surface and the paving is financially guaranteed. A City access easement is included on the final plat and was approved by the City of East Helena on June 6, 2020.

38. The subdivider shall provide an easement for the existing irrigation ditch and access road on the west boundary of the property on the final plat for Phase 1. The easement shall be properly dedicated on the face of the final plat for the use, operation, and maintenance of said irrigation ditch. The subdivider shall work with the irrigation user to determine the appropriate width needed for the operation and maintenance of the ditch and evidence of approval from the irrigation user for the width shall be provided prior to final plat approval for Phase 1. (Chapter 8, EHSR)

Response:

An irrigation ditch easement, as determined by the irrigation user, is included on the final plat.

39. The subdivider shall provide cash-in-lieu of parkland dedication for Phase 1 prior to approval of the Phase 1 final plat. The subdivider shall provide a current appraisal of the property within 6 months of the date of final plat application submittal. (Chapter 8, Section 17 EHSR)

Response:

A cash-in-lieu of parkland dedication is provided with the final plat.

CONDITIONS OF APPROVAL CERTIFICATION

We, the undersigned, do hereby certify, as owners of the property that the text and/or graphics shown on this conditions of approval sheet or face of plat represents requirements by the governing body for final plat approval and that all conditions have been satisfied. The information shown is current as the date of this certification, and changes to any land-use restrictions or encumbrances may be made by amendments to covenants, zoning regulations, easements, or other documents as allowed by law or by local regulations pursuant to 24.183.1107(4) A.R.M.
